

Could you help us?

In the last 6 months Turnabout has raised about \$10,000 towards the purchase our building and property at 190 N. Union Street in Russiaville. We recently met with our landlord, Paul Wyman, and agreed to purchase the building on a land contract for the following terms: Purchase price is \$97,020, 3 year balloon, \$1,000/month payments, 0% interest and 0 down. We also agree to file for our tax exempt status and the seller will pay property taxes until our exemption kicks in!

Our desire is to raise funds to pay off the building as the Lord blesses. We are seeking the help of friends and supporters as well as looking for and applying

for grant funding. Focusing on purchasing the building will take some pressure off of paying rent as part of the operational expenses; allow us to remodel the building for better ministry spaces; give us a fundraising target that inspires giving; and demonstrate to the community our investment long term to help people. **Could you help us?** Donate online at turn-about.org or send a check noting in the memo that it is for the building to: Turnabout, PO Box 31, Russiaville IN 46979.

God is Blessing and has blessed us at Turnabout Community Resource Center in the one year we have been at 190 N. Union St. We have two paid staff members and volunteers who help us keep the building open over 40 hours each week. We do this because of a desire to see people find help right here in Russiaville and the Tri-County area. Below is a recent testimony we received from a man who has received help from the Conquer Series that is offered at Turnabout.

I learned of Conquer Series and wanted to be trained to help others who had experienced sexual abuse, addiction, and all levels of pornography. Little did I know when I stepped into this realm with 6 other men that I would find myself on the most amazing path to healing and salvation that I have ever experienced in my life. I am accountable to 6 other men who know everything there is to know about me. My wife knows every secret and hurt. My children know every part of my life and I am an open book to them all including my church family. God's grace has poured out on me like that of the man from Gerasene, the demonic man found in Matthew, Mark and Luke. I can't explain the freedom I have in knowing that I have 6 other men, my family and church family that know all my secrets and hurts. You've heard it said to confess your sins to one another, but unless you have done this and know the power of Christ Jesus and the work of the Holy Spirit, you'll never fully understand the freedom I am referring to. I encourage you to call Turnabout if you need help or

encouragement during the battle! You will not be disappointed! God is changing lives in every way through Turnabout Community Resource Center.

We praise God for His working in great ways, and lives being changed and stories being written. Several stories have chapters yet to be written but we can see The Author involved in their narratives. Many of our small groups are functioning faithfully and making inroads in lives and in our community. The phone is ringing, and we are seeing people walk in for help. An NA, A Divine Intervention class and another Conquer Series have started in the last few months.

If you would like to help with the purchase of the building, please designate your check for “Building Fund.” Use this link to give online and choose the “Building Fund” option. Thank you for your faithful prayers and consideration of this need.

Sincerely,

Ned Sutherland
Chairman of the Board
Turnabout Community Resource Center
